

2021 Ferretti Yachts 670

ADRIATIC EXCLUSIVE SALES

This fantastic vessel makes a captivating impression with her outstanding use of space. The fabulously luminous interiors and modular external areas hold particular appeal. Her latest-generation technology fashions a matchless cruising experience amid some truly iconic design. This is a yacht that makes room for beauty.

Launched in 2018, the Ferretti Yachts 670 is our gift to the yachting world—and to ourselves—to celebrate our 50th anniversary in sumptuous style. She is the result of a collaboration between the Ferretti Group Product Strategy Committee and the Engineering Department. Notably, she is the first Ferretti yacht featuring exterior design by architect Filippo Salvetti, while the interiors are crafted by Ferretti's in-house design team.
