2008 Azimut 80

Luxury motor yacht Azimut 80 from 2008, equipped with MTU diesel engines with 1810h, represents the perfect combination of elegance, performance and spacious interior.

Built by the renowned Italian shipyard Azimut Yachts, this model ensures a superior experience at sea. In 2025, a complete refit worth over 200.000 EUR was carried out, ensuring that the yacht is in excellent condition.

Regular annual engine services have been completed, and the yacht is consistently maintained by a dedicated crew, keeping everything in order.

The interior is superbly maintained, characterized by spaciousness, natural light and refined design. Large glass surfaces let sunlight flood the living areas, creating a sense of openness and luxury. Accommodation is organized with a master cabin, a VIP cabin and two additional cabins, ensuring comfort for guests.

With stabilization and two generators, the yacht guarantees smooth and reliable cruising. The exterior finished in elegant blue lacquer further enhances the vessel's aesthetic appeal. Although a repaint of the hull will be needed in the near future, the Azimut 80 remains an outstanding opportunity for those seeking both comfort and style on the water. With its impressive features and meticulous upkeep, this yacht promises an unforgettable experience for owners and guests alike.
